

LANGHE DOC RIESLING

Serralunga d'Alba
MASSOLINO

Cultivated in Monforte d'Alba at an altitude of around 530 metres above sea level, our Langhe DOC Riesling originates from our genuine passion for this grape variety.

Langhe DOC Riesling is a sumptuous white wine, suitable for long ageing, and it reaches its peak with fish dishes. Intense and versatile when young, it gains in complexity as it ages.

Soil composition: mixed consistency tending towards limestone.

First year of production: 2017.

Vinification and ageing: vinified in steel, where it spends between 8 and 10 months in contact with the fermenting lees before being raked and bottled. Part of our Riesling ages in terracotta amphorae.

Notes: The grapes are grown in the highest vineyard on our estate, in Monforte d'Alba, at an altitude of around 530 metres above sea level, where the climatic conditions ensure the freshness and acidity that make Riesling one of the world's most famous grapes, as well as one of our great passions!

Tasting characteristics

Colour: more or less intense dull straw yellow depending on the vintage.

Bouquet: characteristic "petrol" and mineral scents emerge, with a fresh fruity note when young.

Palate: vertical and savoury, the marked acidity typical of the variety emerges, conveying crispness and an endless finish.

We recommend serving at temperatures between 12 and 15°C. A very pleasant dry white which encounters the power and structure conveyed by the Langhe hills; intense and versatile when young, this wine is definitely suitable for long ageing. Excellent with fish dishes, especially molluscs and shellfish, it pairs beautifully with white meat and goat's milk cheeses.
